The Refugio is an excellent home for small families. The front entrance leads into a completely open space that includes the family room, kitchen, and breakfast area. The kitchen features a sink island with an eating bar and a walk-in pantry, and is adjacent to a compact utility room. A short hallway from the left side of the family room leads to the master suite with two walk-in closets in the bathroom. Two bedrooms and a full bathroom branch off from the right side of the family room. Various customization options, like an attached garage, are available to make this design truly yours.
