Separated living quarters, a quiet study, and a large, open central gathering space make the Tampico perfect for families that value both closeness and privacy. The central area includes a large family room that is open to the kitchen and dining area, and is overlooked by an open counter and eating bar. The kitchen also features a walk-in pantry and island, with the option to relocate the adjacent utility room for a larger pantry. Two split bedrooms and a bathroom sit on the right side of the house, and the spacious master suite with a large walk-in closet is on the left.
