Part of our Grand Ranch collection, the Lone Star GR is thoughtfully designed for spacious Texas living and effortless entertaining. Double front doors welcome you into a foyer that leads to a private study and a large family room featuring a raised ceiling with wood-wrapped box beams. This central space transitions seamlessly to an oversized covered porch, extending your living area outdoors. The kitchen balances functionality and connection, offering a walk-in pantry, a large island, and an attached dining area. The private master suite serves as a true retreat, complete with two walk-in closets and a luxurious bath featuring a freestanding tub and oversized shower. Three additional bedrooms and two full bathrooms provide plenty of space for family and guests, while a two-car side-load garage adds convenience. The Lone Star GR reflects the comfort, quality, and enduring value your family deserves.

Like all plans in the Grand Ranch collection, the starting price includes key site preparation services, giving you a clear and upfront understanding of your investment. These services eliminate guesswork
