The Angelina GR, part of the Grand Ranch Collection, is designed with a spacious, light-filled gathering area at its heart. The foyer flows into an open family room, kitchen, and dining area, featuring large windows and access to a covered rear porch. The kitchen includes an island with a sink and a generous eating bar, plus a walk-in pantry and a nearby utility room with space for a chest freezer. The master suite, located off the dining area, features double walk-in closets and an oversized shower with a corner seat. On the opposite side of the home, two additional bedrooms share a full bathroom, while a large study or optional fourth bedroom connects to the foyer. A 2-car side-load garage completes the design, combining functionality and modern style.

As with all plans in the Grand Ranch Collection, the starting price includes essential site preparation services, providing a clear and upfront view of your investment. These services simplify planning and eliminate surprises. See the full list of included property services.
